City of St. Helena
Full Cost Services and Development Impact Fee Study
Questions & Answers - Update September 25, 2015

Q1. Could a list of the recipients that received the RFP directly be provided?

A: Yes

1. Willdan
2. Wohlford Consulting
3. Revenue & Cost Specialists, LLC
4. NBS
5. MGT of America
6. Matrix Consulting Group
7. ClearSource Financial Consulting
8. AK & Company
9. The Reed Group
10. Goodwin Consulting Group

Q2. The RFP issued by the City for the User Fee and Impact Fee studies seems to indicate that the City expects a single proposal for both studies. I would like to know whether the City is willing to accept separate proposals for the two studies.

A: Our initial thought was that since St. Helena was such a small organization with limited staff, it would be easier on the City if these studies were done as a coordinated effort under one team. Many have expressed interest in the opportunity to submit individual proposals for the two different studies; this will be available to proposers.
